

Battleships: The War at Sea – A Casemate Short History

Battleships: The War at Sea is a comprehensive and engaging account of the history of battleships, from their inception in the mid-19th century to their decline in the post-World War II era.

Author Robert Gardiner provides a detailed overview of the development of battleship technology, from the early ironclads to the massive dreadnoughts of the early 20th century. He also discusses the role of battleships in major naval conflicts, including the American Civil War, the Russo-Japanese War, and both World Wars.
