An anthology of stories by award-winning authors that explore the themes of transformation, love, and the monsters within us all.

In a world where the lines between reality and fantasy blur, where the monsters we fear live within us, and where the power of love can transform even the darkest of hearts, these stories will take you on a journey into the unknown.

From the award-winning author of *The Night Circus*, Erin Morgenstern, comes a story of a young woman who finds herself trapped in a labyrinthine world of her own making. From the National Book Award-winning author of *The Underground Railroad*, Colson Whitehead, comes a story of a runaway slave who finds refuge in a community of monsters.

These are just two of the many unforgettable stories in this anthology. Each story is a journey of transformation, a meditation on love, and a confrontation with the monsters that live within us all.
