

# Unlikeable: The Problem with Hillary Clinton

Hillary Clinton is one of the most polarizing figures in American politics. She is admired by some for her intelligence, ambition, and accomplishments. But she is also reviled by others for her perceived coldness, dishonesty, and untrustworthiness. In his new book, *Unlikeable: The Problem with Hillary Clinton*, veteran political reporter Edward Klein argues that the key to understanding Clinton's complex personality lies in her unlikeability.

Klein draws on extensive interviews with Clinton's friends, family, and colleagues to paint a portrait of a woman who is driven by an insatiable need for power. He argues that Clinton's unlikeability is a direct result of her ambition. She is willing to say or do anything to achieve her goals, even if it means hurting others in the process.

Klein's book is a scathing indictment of Clinton. He accuses her of being a pathological liar, a serial philanderer, and a ruthless political operator. He also argues that Clinton is fundamentally unlikeable because she lacks

empathy for others. She is incapable of understanding the pain and suffering she causes because she is so focused on her own ambitions.

Whether you agree with Klein's assessment of Clinton or not, *Unlikeable* is an essential read for anyone who wants to understand the true nature of one of the most polarizing figures in American politics. Klein's book is a fascinating and disturbing portrait of a woman who is both brilliant and flawed. It is a must-read for anyone who wants to understand the complexities of Hillary Clinton.

### **About the Author**

Edward Klein is a veteran political reporter who has written extensively about the Clinton family. He is the author of several books, including *The Truth About Hillary: What She Knew, When She Knew It, and How Far She'll Go to Become President* and *The Clintons: America's Royal Family*.
